

**9m Lockable Pneumatic Telescopic Mast-15kg Payload
NR-2.2-9.0-15L-6S-36-118**

Extended Height	:	9	m	29.52	ft
Retracted Height	:	2.2	m	7.2	ft
Vertical Payload	:	15	kg	33	lb
Working air pressure	:	0.15	Mpa	22	PSI
Collar Type	:	Locking (Automatic Extension, Manual Retraction)			
Inside Electric Wires	:	\			
Number of sections	:	6			
Top section diameter	:	36	mm	1.4	in
Basement section diameter	:	118	mm	4.6	in
Mast Weight	:	42	kg	92.4	lb
Working temperature	:	-25~65 Celsius Degree			
Materials	:	Aluminum alloy 6063T5			
Default accessories	:	top flange			
		bottom flange			
		air hose pipe			
		air control manual			
		\			
Optional Accessories	:	Electric air compressor		DC12V, DC24V, AC220V/50hz	
		Guying Rope Kits		2x4 (2 layers, 4 ropes each layer, 4 mounting spikes, mounting radius 9m)	
		Side Mounting Bracket		Aluminum alloy 6061 Materials	
		Ground mounting Tripod		Stainless Materials	
		Rotation Basement		Manual Rotation	
		Remote control kit		12VDC
